

# CALCINED NEUBURG SILICEOUS EARTH POLYBUTYLENE TEREPHTHALATE (PBT) 30 % FILLER CONTENT

## OBJECTIVE

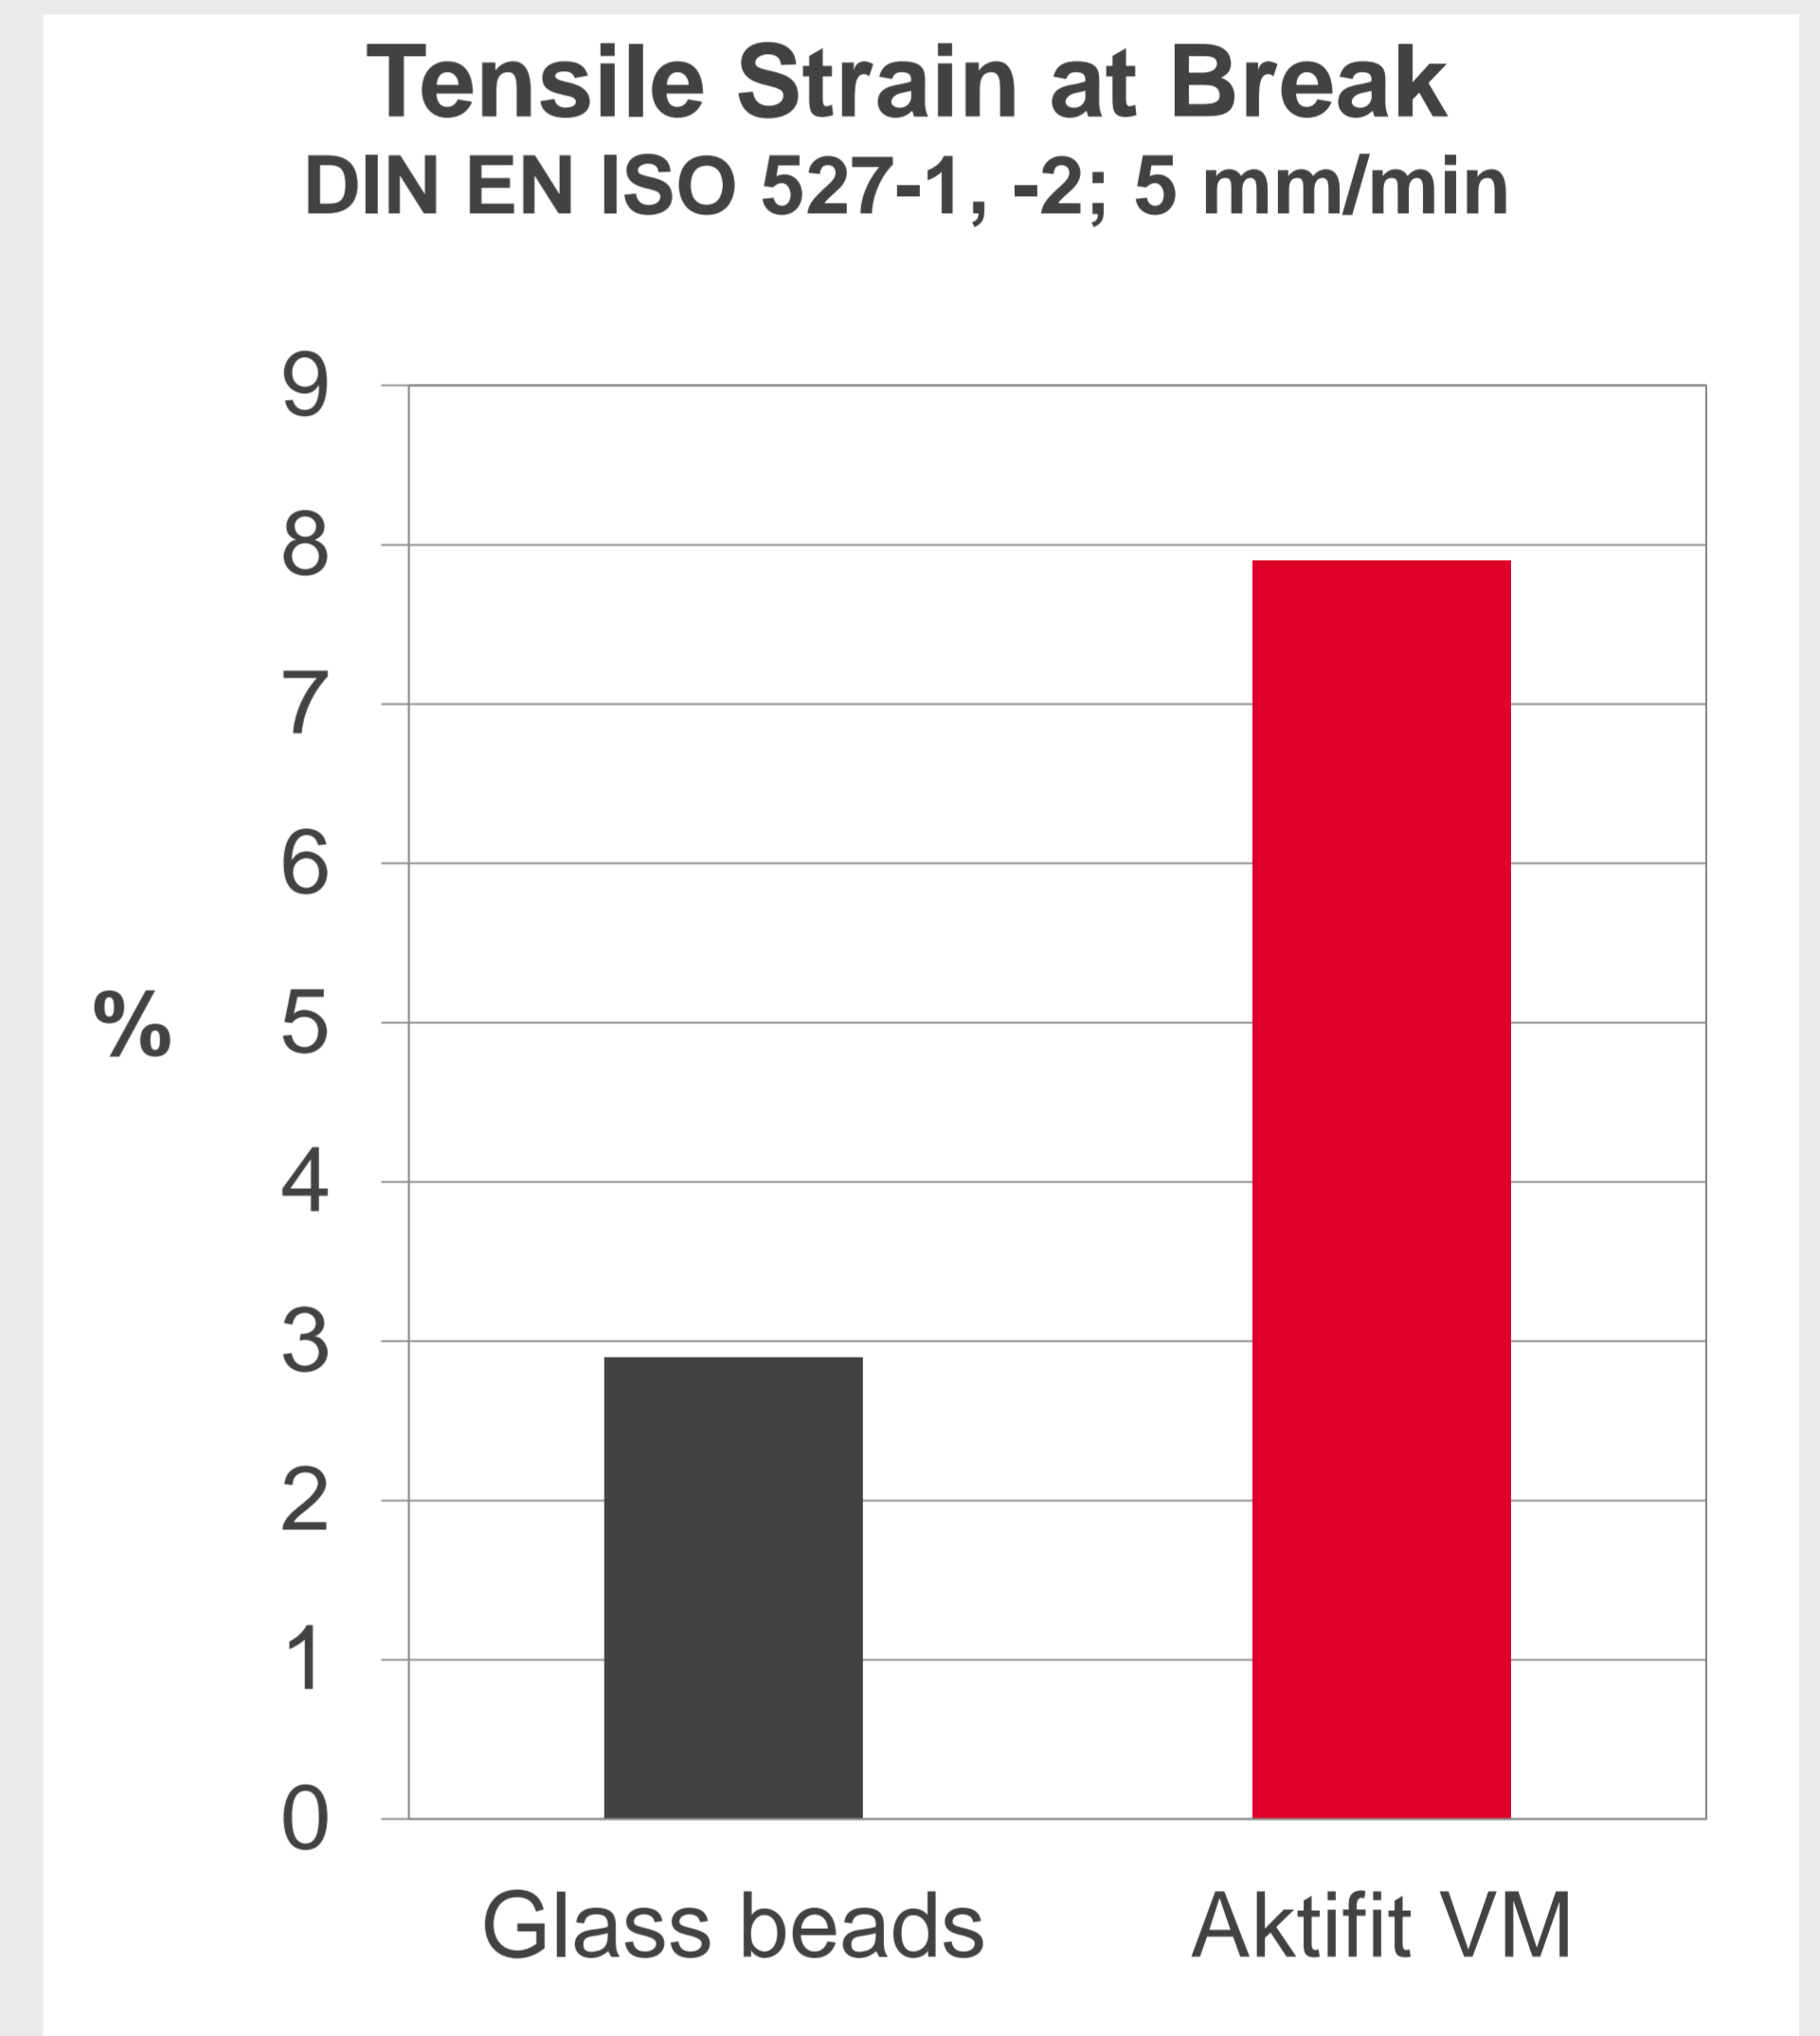

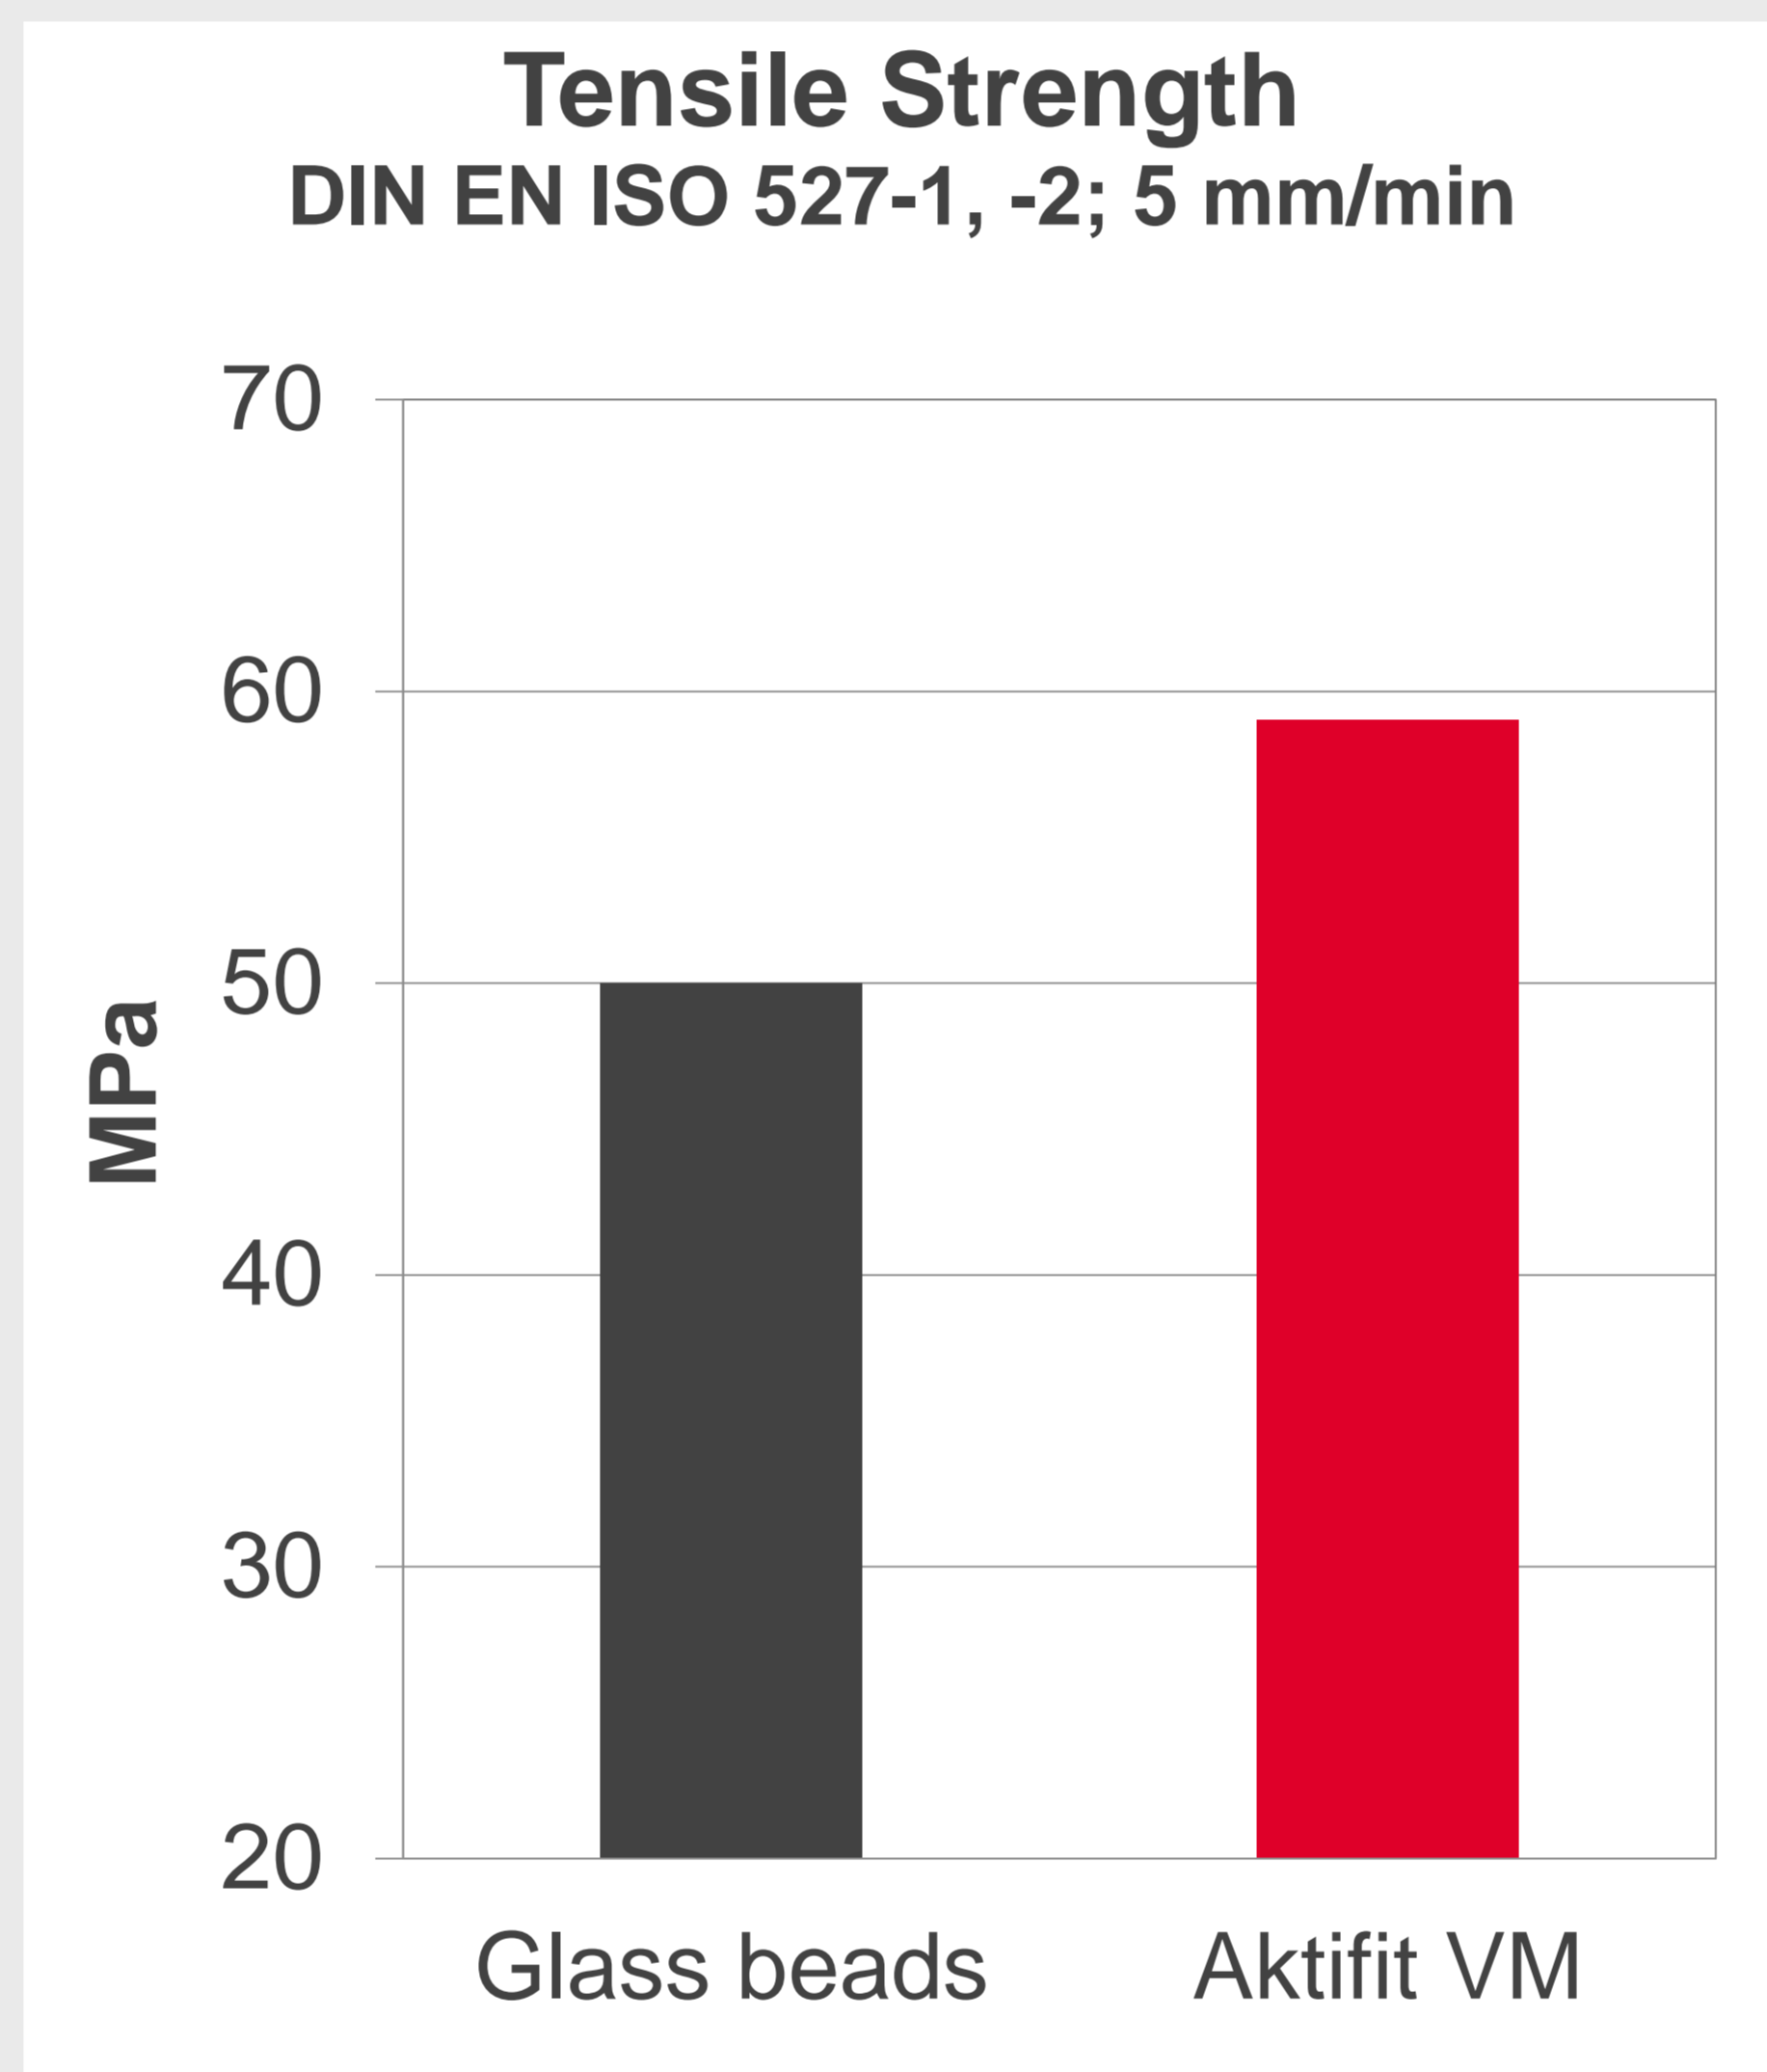

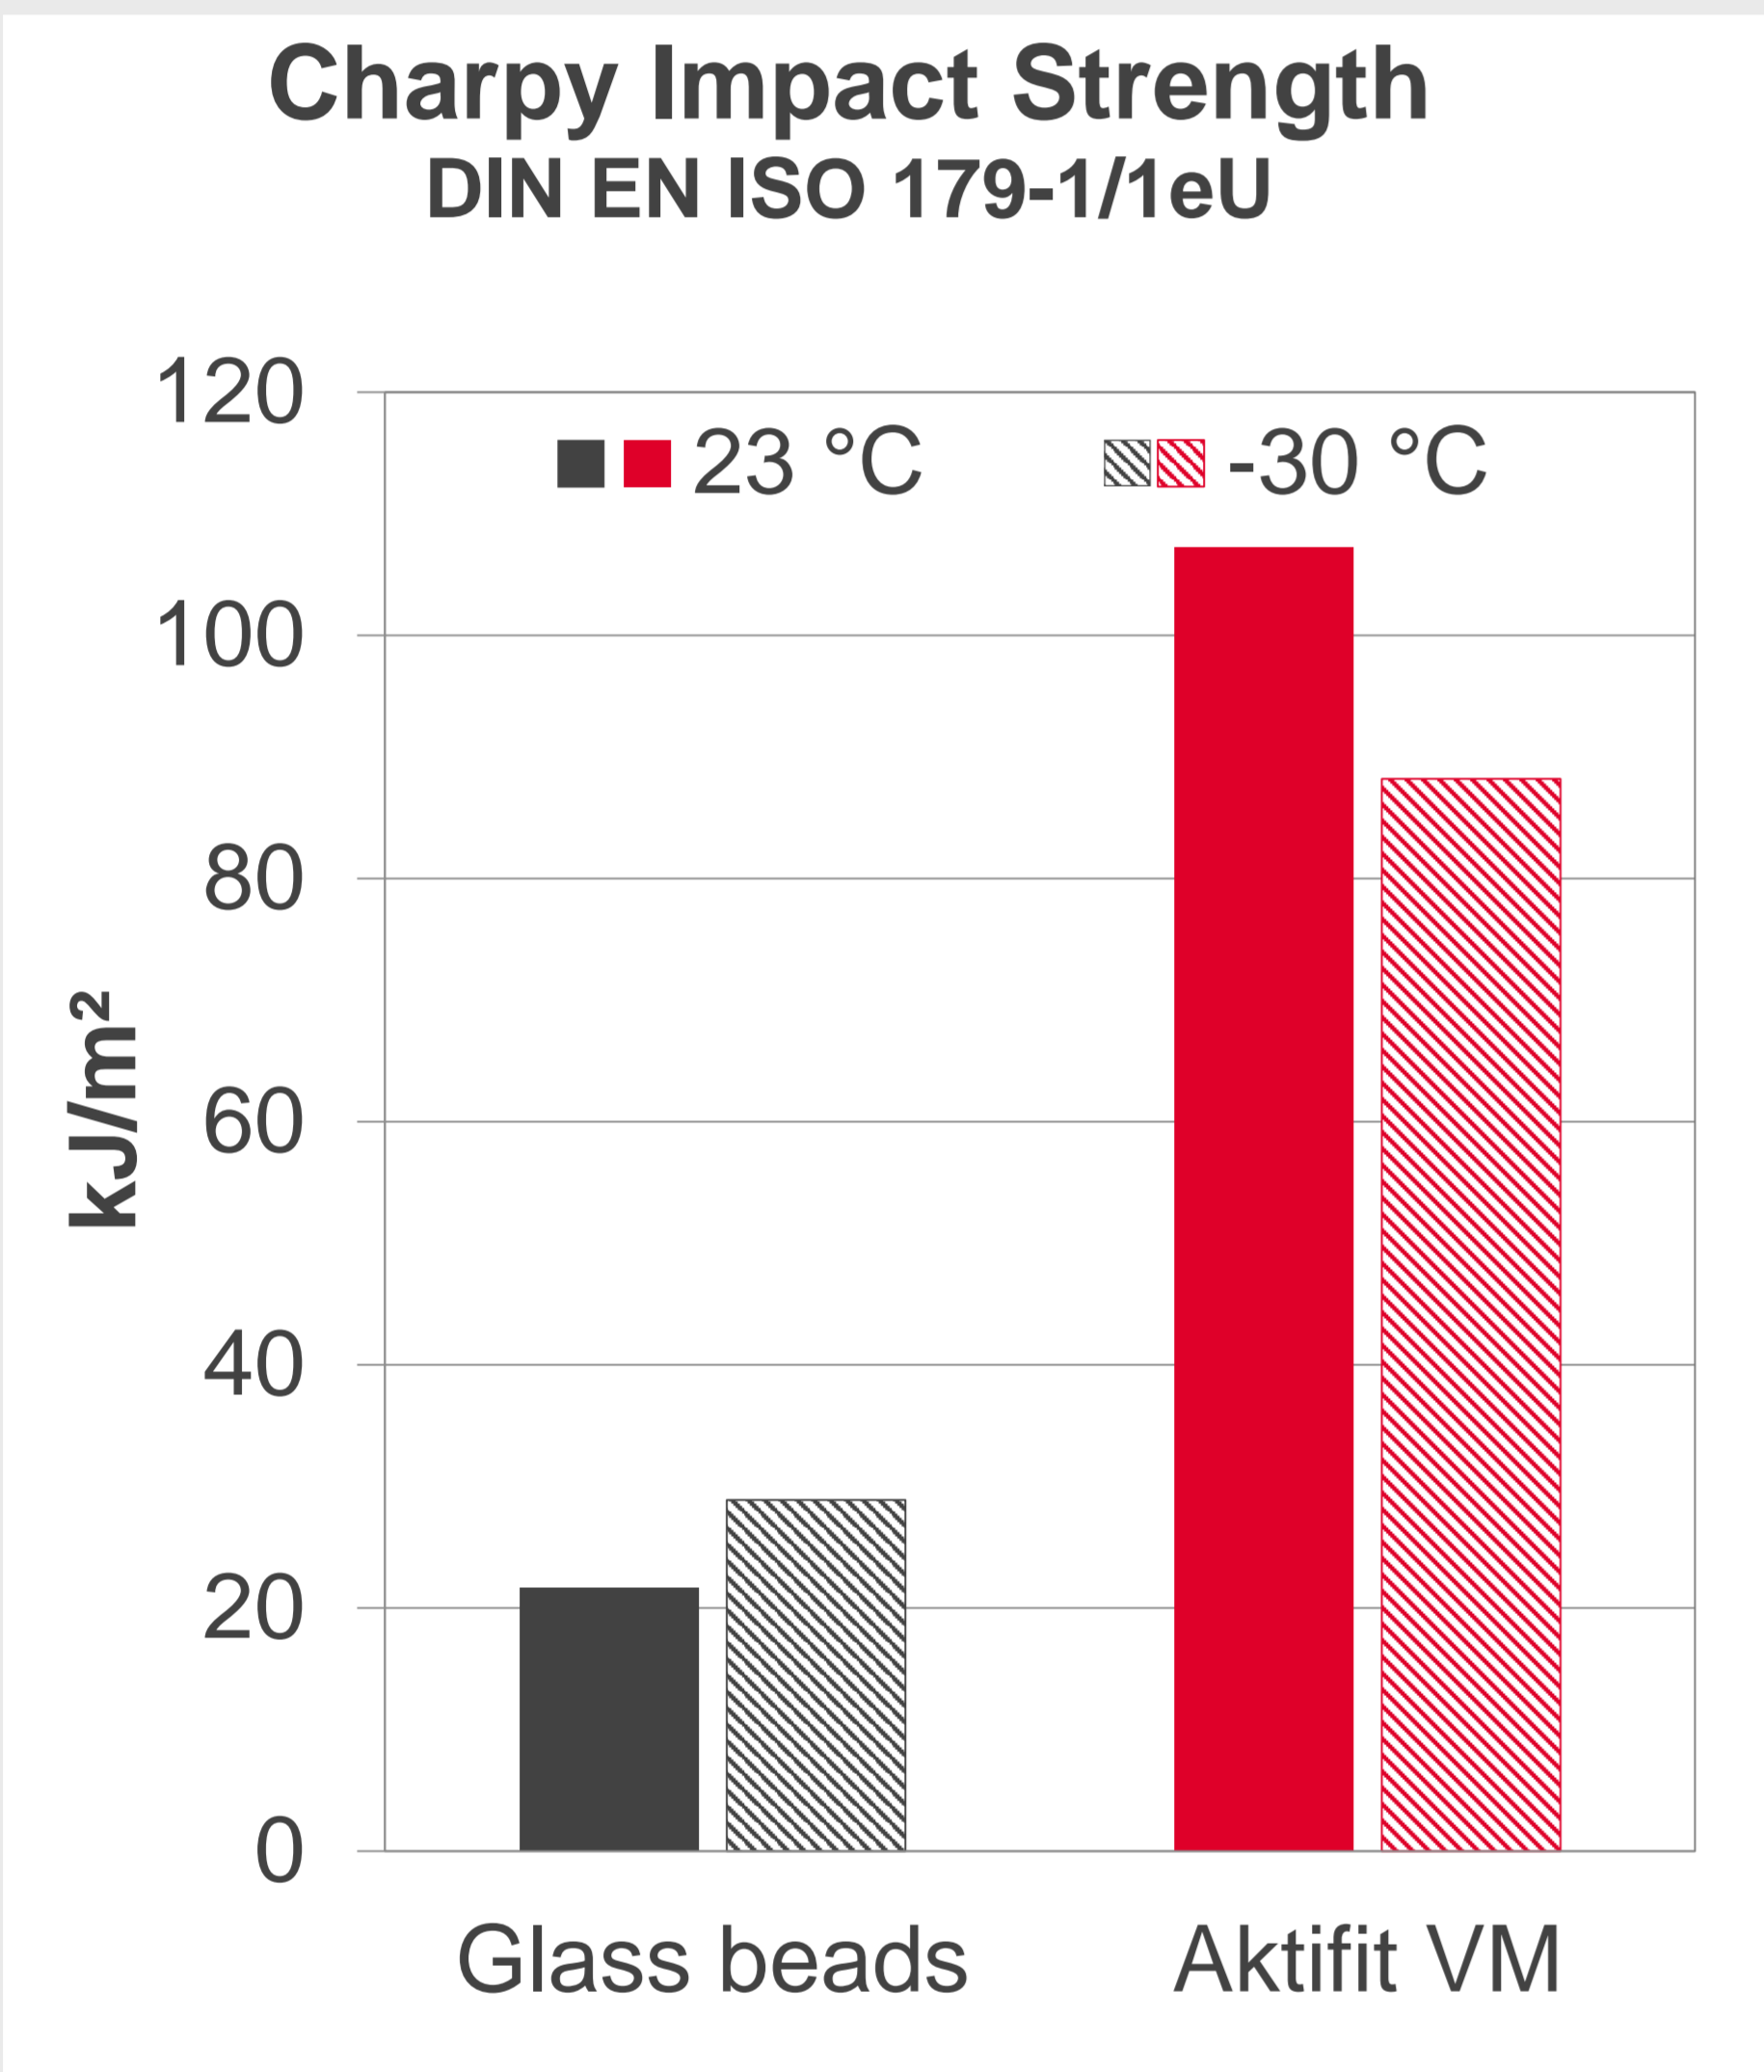

### Performance of Aktifit VM

Surface Treated  
Glass Beads

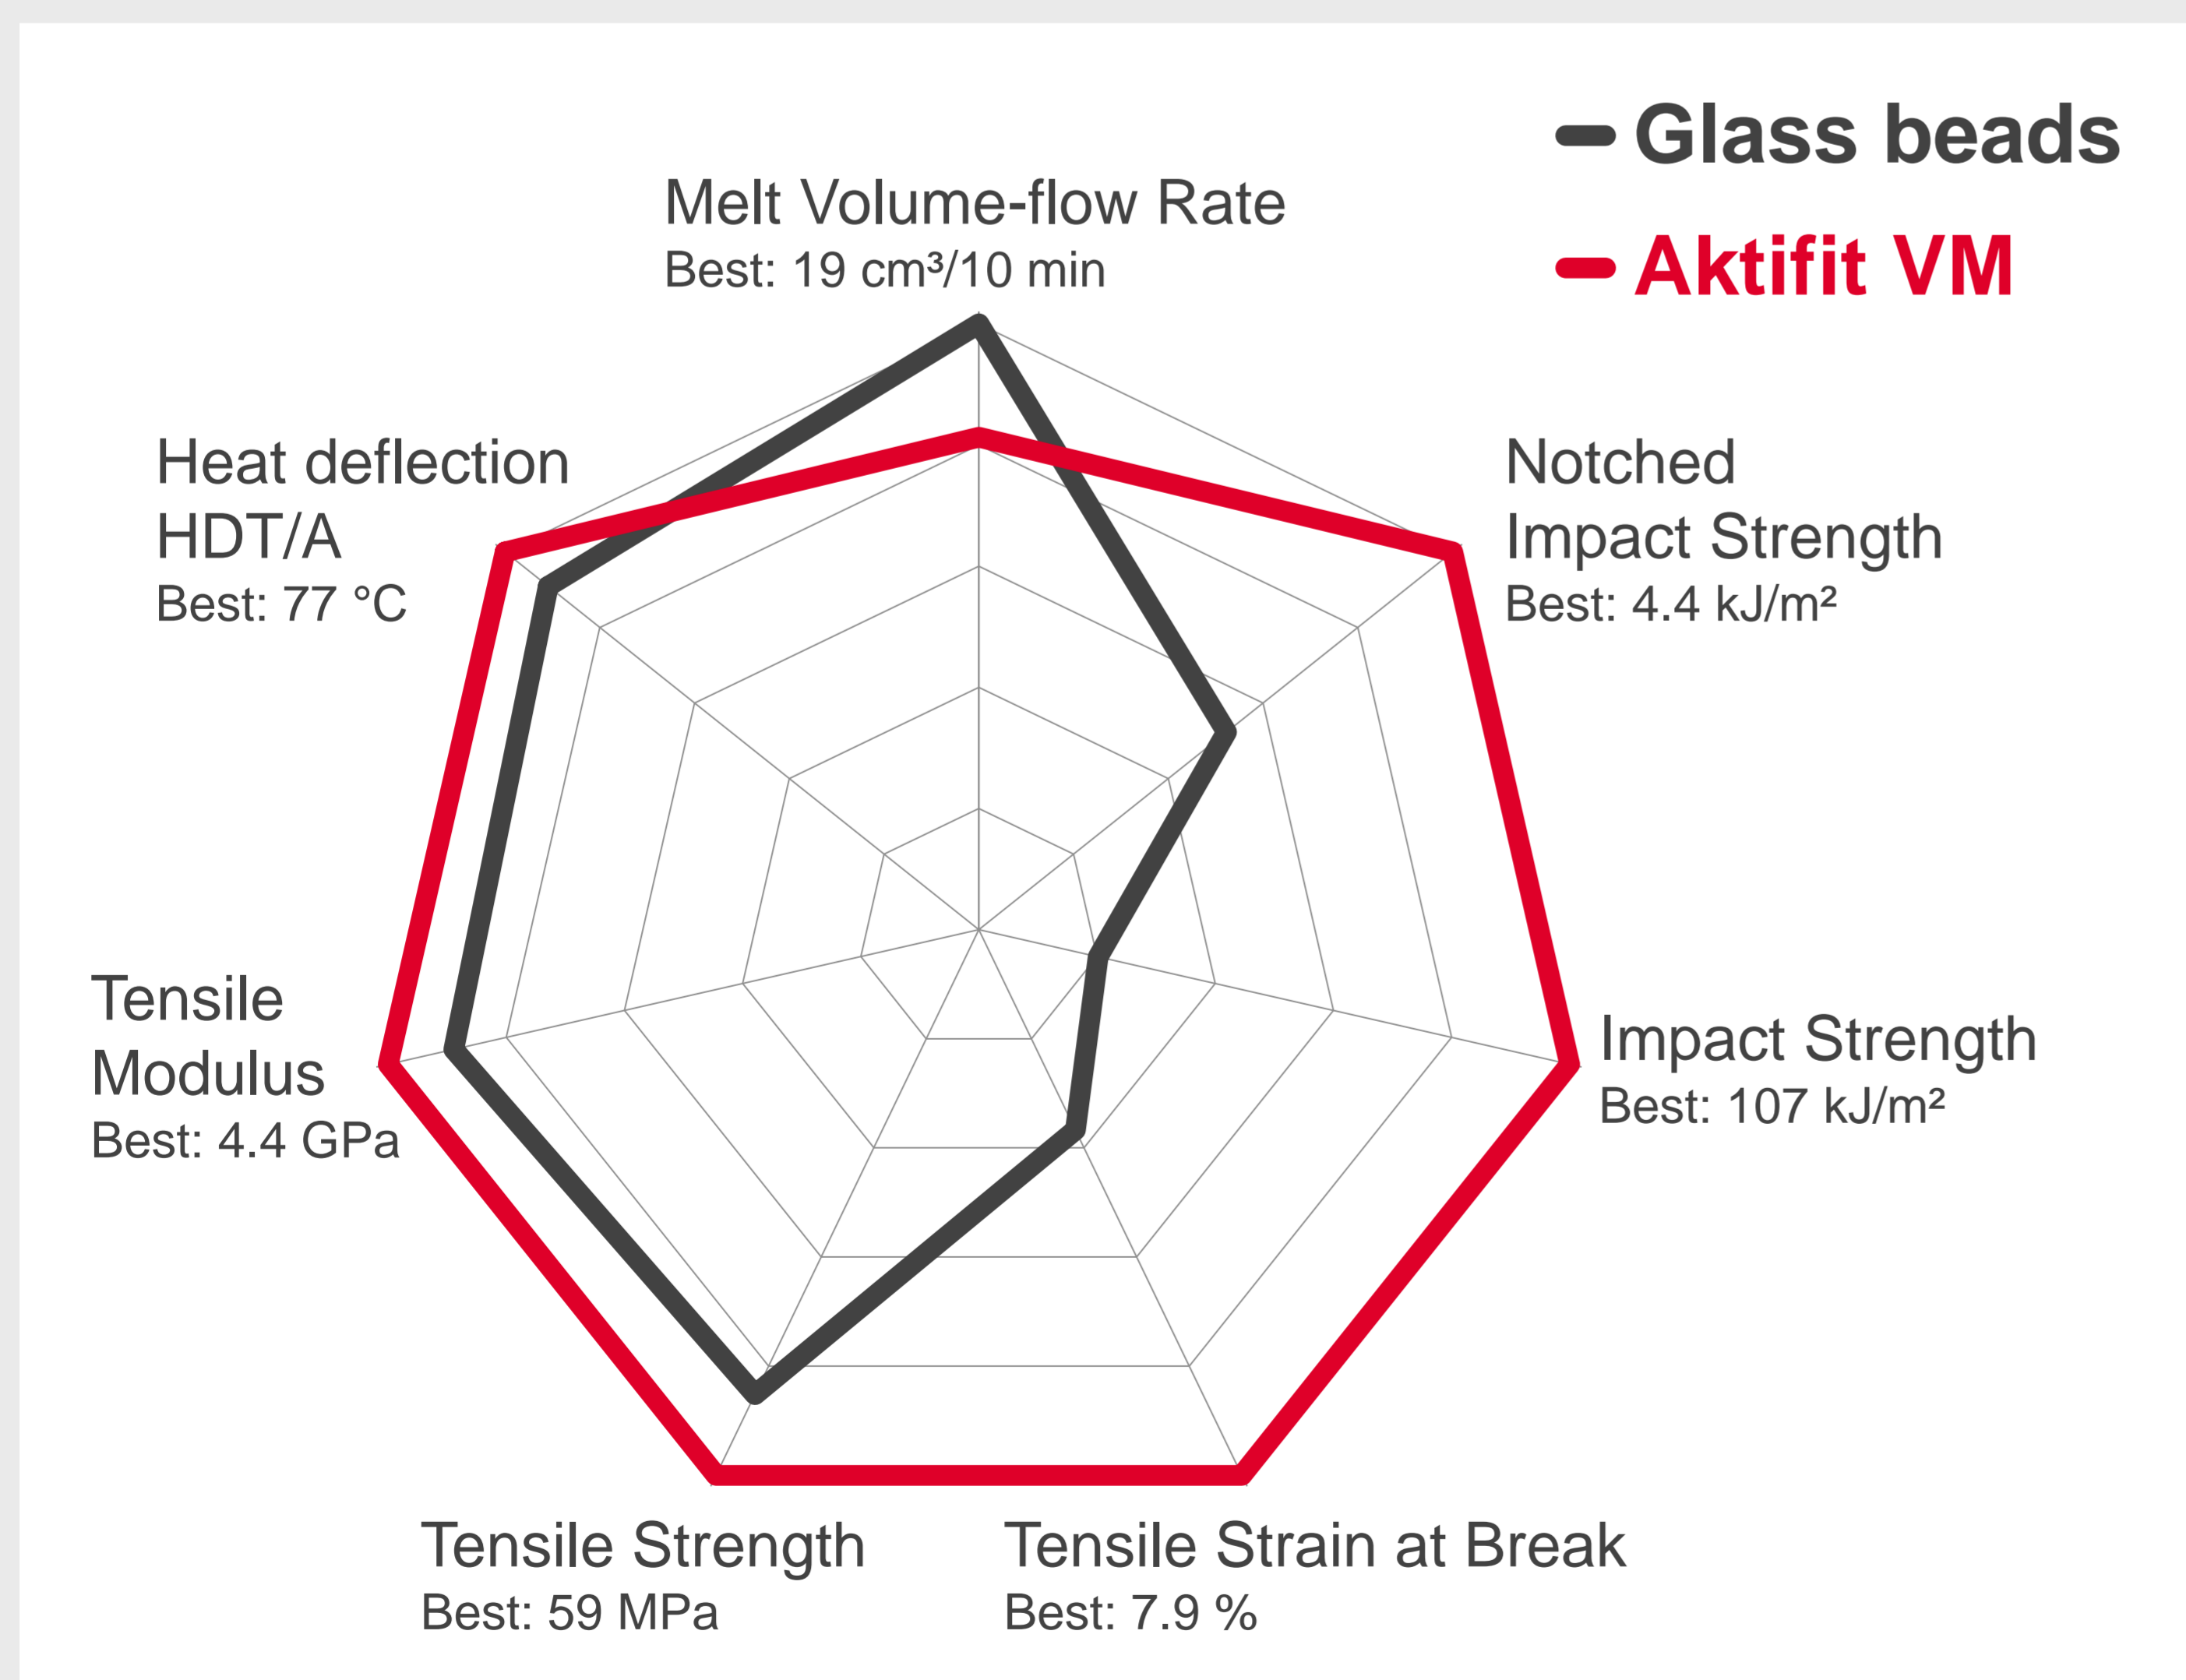

Neuburg Siliceous Earth:  
**Aktifit VM**

## RESULTS

## SUMMARY

### Benefits Aktifit VM

vs. surface treated glass beads:

- Lighter and more neutral natural color of the compound
- Higher heat deflection temperature
- Higher stiffness
- Higher strength
- Very high strain at break
- Excellent unnotched and notched impact strength, even at low temperature
